Subject: Let's Make an Impact This Season of Giving

Hello Team,

We've reached that special time of year when we reflect on what we're grateful for, gather with family and friends, and give back to those in need. This year, we're offering fun and easy opportunities for us all to help our community in a meaningful way.

We invite you to participate in a guided virtual volunteer experience to make a positive impact on a community in need—**happening December 5th - December 7th**. There are 7 events to choose from, and you can participate as a team, with other colleagues, or as an individual. Each event will appear in your time zone. [Register today](#) -- spaces are limited.

Let's be part of the giving-back story this season!
